BENLO[®]
A PRODUCT OF **BENITEC** INDIA LTD.

Established in 1984, **BENITEC INDIA LIMITED** has grown into a leading manufacturer in the Indian electrical products industry, with a strong focus on meter manufacturing and switchgear products. With 23 branches across India and two overseas, Bentec serves customers both domestically and internationally. Backed by a team of over 1,000 marketing professionals and 300+ engineers, and supported by seven advanced manufacturing and R&D plants, **BENITEC** ensures rigorous quality control and continuous product innovation. Our products are certified by Indian and international institutions and we hold approvals from major departments like Defence, Railways, Airports, Municipalities, Housing Boards, and Electricity Boards, underscoring our credibility across diverse sectors.

MISSION

To deliver high-quality, innovative electrical products that meet the evolving needs of our customers, while maintaining strict quality standards, fostering technological advancement, and building long-term relationships grounded in trust and reliability.

VISION

To be a globally recognized leader in the electrical products industry, driving innovation, excellence, and customer satisfaction, and expanding our presence across new markets while upholding our reputation as a symbol of reliability and integrity.

CORE VALUE

Quality First

We are committed to delivering products that meet the highest standards of quality and reliability.

Team work & Collaboration

We value our people and believe that working together drives success.

Excellence in Execution

We believe in operational excellence across all aspects of our work, from manufacturing to service.

Integrity & Trust

We conduct business with honesty, transparency and accountability.

Customer Focus

We prioritize customer satisfaction by understanding and exceeding expectations.

Innovation-Driven

We foster a culture of continuous improvement and technological advancement.

SALIENT FEATURES

- Single phase & Three phase meter with counter Type /LCD display.
- ISI certified, ISO 2000, IEC 1036, IS 13779 and latest CBIP.
- Totally tamper proof, with tamper & fraud detection and recording with snapshot.
- High accuracy and operation at very low load.
- Communication compatible with optical port, IR, IRDA, LPR, RS 232 and R.F.
- R.F meter (zigbee) with smps power supply GSM/CDMA modem.
- 90 Day load profile with KWH, KVARH Lead, KW, KVA Demand, average voltage & average currents,PF, frequency for integration period of 30 minutes.

DIFFERENCE BETWEEN MCB & MCCB

MCB

MCBs are designed to protect low-voltage electrical circuits from over current and short circuit faults

MCCB

MCCBs are designed to protect **high-current** electrical circuits from over current and short circuit faults

MCCB ADJUSTABLE TYPE

ELECTRONIC/MICRO-PROCESSOR RELEASE MCCB

- Ics=100% Icu as per IEC 60947-II
- Adjustable Overload Setting Ir=[0.4-1]xIn; Tr = 3-30 Sec
- Innovative front indication LED's [Ready, Overload pre-alarm & Overload]
- Adjustable Short Circuit Setting Isd = [1.5-10]Ir ; TSD [I=K]=0-500 ms; Tsd [I2t=K]=0-500ms
